Re: Release of remaining reclamation bond for the Red Rock Mine, T28S, R23E (SLM), Sections 26, 27, San Juan County, Utah (UDOGM File Number M/037/050)

Dear Mr. Hedberg:

On May 13, 1992, Sal Venticinqu, accompanied by Holland Shepherd of your staff, made a field check of the above-referenced mine in order to evaluate the progress of the 1989 reseeding effort by Mr. Clayton Stocks, the prior mine operator. Revegetation, as well as other aspects of mine reclamation, were found to be satisfactory.

Based on Mr. Stocks's efforts, I would recommend total release to him of the remaining reclamation bond. Should you have questions, please contact Mr. Venticinqu at (801) 259-8193.

Sincerely yours,

Area Manager
